SUMMARY

Recent B.Tech graduate in Artificial Intelligence and Machine Learning with hands-on experience in Python, SQL, Machine Learning, Computer Vision, and Flask through academic projects. Developed AI-Based Crowd Density Analysis using YOLOv8 and a Phishing Detection System using Machine Learning. Strong problem-solving skills with a passion for learning new technologies and eager to begin my career as a Software Engineer, Python Developer, or AI/ML Engineer.

EDUCATION

Vel Tech University , Chennai , Tamil Nadu B.Tech in Artificial Intelligence and Machine Learning • CGPA: 7.8	2022-2026
Sri Chaitanya Junior College , Vijayawada, Andhra Pradesh Higher Secondary • CGPA: 6.8	2020-2022
KVR HIGH SCHOOL , Guntur, Andhra Pradesh Secondary School Certificate • CGPA: 9.6	2019-2020

TECHNICAL & PERSONAL SKILLS

- **AI & Machine Learning:** Deep Learning, Computer Vision, Object Detection (YOLOv8, OpenCV)
- **Languages & Web:** Python, Java, SQL, HTML5, CSS3, JavaScript, Flask, Bootstrap
- **Frameworks & Libraries:** PyTorch, TensorFlow, Scikit-learn, NumPy, Pandas
- **Tools & Platforms:** Git, GitHub, VS Code, Google Colab, Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Microsoft Office

PROJECTS

AI-Based Crowd Density Analysis for Railway Stations

Tools: Python, YOLOv8, OpenCV, PyTorch, NumPy

- Developed a modular computer vision application to monitor and count real-time platform crowd density.
- Structured implementation cleanly across modular files (main.py, detection.py) for efficient video processing.

Phishing Detection Using Machine Learning

Tools: Python, Machine Learning, Scikit-learn, Flask, HTML, CSS, JavaScript

- Engineered an ML classification model to detect phishing websites using domain and URL-based features
- Built a web interface with a Flask backend to deliver instant, live risk assessments for users.

Photography Website

Tools: HTML5, CSS3, JavaScript, Bootstrap

- Designed a responsive, visually driven frontend website to showcase photography portfolios.
- Implemented modern CSS layouts, dynamic JavaScript galleries, and Bootstrap grids for mobile optimization.

CERTIFICATIONS

- Completed **Python Programming Language** – GeeksforGeeks (2024)
- Completed **Database Solutions Digital Skills Readiness Program** – Wipro TalentNext (2025)

ACHIEVEMENTS & ACTIVITIES

- **Unnat Bharat Abhiyan (UBA) Contributor:** Collaborated with a rural community to evaluate localized engineering challenges and proposed tech-driven strategies focusing on sanitation, energy, and digital literacy.
- **Field Survey Coordinator:** Led localized demographic data gathering, drafted analytical reports, and coordinated closely with university faculty and village leaders for rural development blueprinting.
